

OLIVE OIL

BIOLEVANTE

Established in 1902, when the Cassetta family decided to transform their love for the land and the family owned olive trees into a business.

Levante's golden-green oils are still the result of the family's passion and respect for the land and the traditional harvesting methods.

ROI

The Boeri family has been producing extra virgin olive oil since 1900. A community of farmers work on the steep terraces at high altitude to produce their exceptional olive oil

Tasting Note

Made exclusively from the Ligurian Taggiasca olives, with a light cold pressing technique which gives this oil its fruity taste and distinctive aroma.
