## THERESIANER

An award-winning brewery located in Nervesa della Battaglia, near Treviso. The company's name is taken from the famous brewery that was founded in the Borgo Teresiano district of Trieste in 1766 when Empress Maria Teresa of Austria transformed the small fishing village into the most important maritime trade centre of the Habsurg Empire. Martino Zanetti has been producing a range of high-quality Italian beers under this label since 2000 revitalizing a brewing culture that has existed for more than 200 years.
